
Microsoft® SQL Server® 2012 Express Express Edition

Microsoft SQL Server 2012, the subsequent edition, is SQL Server 2012 Service Pack 1, released Oct 2013, the first service pack for SQL Server 2012 after its launch. Microsoft SQL Server 2012 Service Pack 3 is a cumulative update released on April 17, 2015. Microsoft SQL Server 2012 Service Pack 4 is a cumulative update released on June 10, 2016. Microsoft SQL Server 2012 Service Pack 5 is a cumulative update released on June 25, 2017. Microsoft SQL Server 2012 Service Pack 6 is a cumulative update released on June 22, 2018. Microsoft SQL Server 2012 Service Pack 7 is a cumulative update released on June 21, 2019. Microsoft SQL Server 2012 Service Pack 8 is a cumulative update released on June 20, 2020. Microsoft SQL Server 2014 Service Pack 2 is a cumulative update released on July 6, 2015. Microsoft SQL Server 2014 Service Pack 3 is a cumulative update released on December 17, 2016. Microsoft SQL Server 2014 Service Pack 4 is a cumulative update released on April 17, 2017. Microsoft SQL Server 2014 Service Pack 5 is a cumulative update released on July 17, 2018. Microsoft SQL Server 2014 Service Pack 6 is a cumulative update released on July 19, 2019. Microsoft SQL Server 2014 Service Pack 7 is a cumulative update released on June 17, 2020. Microsoft SQL Server 2014 Service Pack 8 is a cumulative update released on June 21, 2020. Microsoft SQL Server 2015 Service Pack 1 is a cumulative update released on April 17, 2017. Microsoft SQL Server 2015 Service Pack 2 is a cumulative update released on July 6, 2015. Microsoft SQL Server 2016 Service Pack 1 is a cumulative update released on June 1, 2016. Microsoft SQL Server 2016 Service Pack 2 is a cumulative update released on July 6, 2015. Microsoft SQL Server 2016 Service Pack 3 is a cumulative update released on December 17, 2016. Microsoft SQL Server 2016 Service Pack 4 is a cumulative update released on April 17, 2017. Microsoft SQL Server 2016 Service Pack 5 is a cumulative update released on July 17, 2018. Microsoft SQL Server 2016 Service Pack 6 is a cumulative update released on July 19, 2019. Microsoft SQL Server 2016 Service Pack 7 is a cumulative update released on June 20, 2020. Microsoft SQL Server 2016 Service Pack 8 is a cumulative update released on June 21, 2020. Microsoft SQL Server 2017 Service Pack 1 is a cumulative update released on June 17, 2019. Microsoft SQL Server 2017 Service Pack 2 is a cumulative update released on July 6, 2019. Microsoft SQL Server

Students vow to fight 'outdated' law

Students from a group opposing same-sex marriage will protest in the University of Warwick's campus later this month. The protest is one of several taking place in support of the Coalition's commitment to repealing the legislation that legalised equal marriage. They will be gathering outside Warwick's Lagon Pool at 2pm on Wednesday, September 29, in the Principality of Wales, with the intention of shutting down the meeting. An initial police review of the demonstration in February found there would be no breach of the peace, and the event is expected to be held with 'appropriate due diligence'. A pre-emptive approach from Jules Carey, president of the Students Against Homophobia group, will allow the demonstration to go ahead. Alannah Farquhar, 23, from University College Union branch chairwoman, said: 'We believe that the repeal of the legislation that legalised same-sex marriage is an important part of the fight for LGBT rights, equality and human rights in the UK.' Students from the Students Against Homophobia group in the Royal Shakespeare Company will also protest in this month's tour production of *The Tempest*, scheduled to begin on September 17. They will be protesting outside the Wyndham's Theatre for the last three performances of the run, and will be 'vocal' about their views, according to Carey.

~1~, CC~2~, CM1, CM2 and CM3 were collected for cell culture. Each cell line was first plated on a dish and allowed to incubate for at least 24 h before changing culture medium. The culture medium was changed every 2 days and cells were harvested when they were ~80--90% confluent. DNA extraction and PCR analysis {#Sec13}

----- Genomic DNA was extracted from frozen tumors and histological confirmation was performed to verify the presence of the tumor cells. DNA was extracted using the DNA Isolation Kit for Cultured Cells and Tissue (Qiagen GmbH, D-40724 Hilden, Germany). The polymerase chain reaction (PCR) was performed for the *p53* gene and the *p16* [^]*INK4A*[^] gene using forward primer 5'-ACGGAGGAGAAGCTTATAGGAGACAC-3' and reverse primer 5'- f678ea9f9e
